NEW MEXICO NEWS

L. R. Thompson, an Albuquerque dairyman has been hauled up by the city chemist for an alleged violation of the milk regulations.

D. R. Carter who has charge of the work on the new trail being built by the forest service between Santa Fe and Las Vegas has reported that the trail is now completed from the Santa Fe river to the top of the Santa Fe range.

The National Surety company of New York has deposited \$10,000 in bonds with Territorial Treasurer M. A. Otero and has been given authority by Territorial Superintendent of Insurance Jacobo Chaves to write official bonds in New Mexico.

A change of time on the Santa Fe will take place on June 6. Only a few minutes difference in the running time of trains Nos. 2 and 3 from the west and No. 9 from the east has been made. Santa Fe train No. 10, will leave El Paso at 6:30 p. m. instead of at 8 p. m. as at present.

Officer John W. Collier of the territorial mounted police, stationed at Estancia, reports four arrests. S. Schmitz and a man nicknamed "Shortgun," who were fined \$25 each for drunkenness, and Henry Eden and Charles Burns charged with breaking car windows on a New Mexico Central train.

Clarence E. Rogers, a graduate of the University of New Mexico at Albuquerque has been notified that he was awarded the John W. Mackay, Jr. fellowship in the University of California by the alumni council of that institution. The fellowship carries a fund of \$600 for expenses and a year's graduate work.

Reports received from Mora yesterday, say that the country in that vicinity experienced one of the heaviest snow storms for this season of the year in the history of that section. Snow began falling Monday night and lasted until noon yesterday. While crops will be benefited stock of all kinds is sure to suffer.

The editorial sanctum of the New Mexican at Santa Fe was twice invaded by a tramp yesterday who threatened to blow up the editor and his office force with a dynamite bomb because the price of a breakfast was not handed to him as quickly as he desired. Sheriff C. C. Closson provided a berth for the anarchistically inclined wayfarer whose only weapon by the way was a razor, but that was enough to terrorize the office force. The man gave his name as John Kelly.

The Santa Fe forest bureau is now in charge of Supervisor Thomas R. Stewart, formerly assistant under Ross McMillan. The Santa Fe office has supervision over the Pecos national forest. The supervisor for the Jemez has not yet been appointed, but he will probably be F. H. Kent of Arizona. Ross McMillan, formerly in charge of the Santa Fe office has gone to Antonito to take charge of the Carson forest. He took with him Miss Maria Roach, Charles B. Rumsey and H. C. Hall, formerly of the Santa Fe office.

Harry Berthune who signed the name, "William Ewell," to two checks at Albuquerque and obtained money on them from the Hub clothing store and May's shoe store, was given a preliminary hearing before Judge Craig and was bound over to the grand jury in the sum of \$250. Berthune admitted the charge against him and made no attempt to sidestep it. Berthune is a good looking young man and a clever talker. He claims Boston as his home, although it is believed that he went to Albuquerque from Las Vegas, where he said he also succeeded in cashing several bogus checks.

After shadowing them for several hours, Officers Cooper, Marquette and O'Grady arrested two men at Albuquerque Monday night giving their names as Waddell and Thomas, charging them with peddling goods without a license and selling stolen property. The men went to Albuquerque late Saturday night and started out early Monday morning peddling a variety of goods, varying from silk in the bolt to Hanan shoes which retail at from \$5 to \$6 a pair. The program was diversified at times by the sale of a pair or so of fashionably made trousers worth from \$4 to \$8 at \$1.50 the pair. The men are believed to be crooks and are being held for investigation.

Peter McChesney of New York has made application to Territorial Engineer Vernon L. Sullivan for extension of time for several months to complete the water rights application for waters of the Rio Puerco in Sandoval and Bernalillo counties, for the Rio Puerco irrigation company, which expects to begin work soon on the installation of a reservoir system that will at first reclaim 6,000 acres, but ultimately 18,000 acres on the Montano grant and public lands

HUMORS IN THE BLOOD

When the blood is pure and healthy the skin will be soft, smooth and free from all eruptions or disease, but when the circulation becomes infected with any unhealthy humor the effect is shown by eruptions, pimples, boils, or some more definitely marked skin disorder, such as Eczema, Acne, Tetter, Psoriasis, Salt Rheum, etc.

Humors get into the blood, usually because of an inactive or sluggish condition of those members whose duty it is to collect and carry off the waste matter and refuse of the system. This unhealthy matter is left to sour and ferment and be absorbed into the blood, and soon the circulation becomes filled with an acrid, irritating humor.

The blood then, instead of performing its natural duty of nourishing the skin, regulating its temperature and preserving its uniform softness, pliability and healthfulness, irritates and diseases the delicate tissues and fibers around the pores and glands and produces some of the various forms of skin eruption or disease.

The cause of all skin affections can be traced to some kind of humor in the blood. Healthy cuticles are only possible where the circulation is pure; and therefore the cure of any skin disease can only come from a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., cannot cure. True such treatment relieves some of the itching and discomfort, helps to reduce inflammation, and aids in keeping the affected parts clean, but it does not reach the blood, where the real cause is located, and at best can be only palliative and soothing.

S. S. S. cures skin diseases of every character and kind because it purifies and cleanses the blood. It goes down into the circulation and removes the humors that are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, and all other skin diseases and affections. S. S. S. is made entirely of roots and herbs, a safe vegetable remedy.

When S. S. S. has driven the humors from the blood, and cooled and purified the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood, and comfort is given to disease-tortured skins.

S. S. S. cures Poison Oak, Poison Ivy, Nettle Rash, and all other troubles due to a humor-laden blood. Book on Skin Diseases and any medical advice free to all who write. S. S. S. is for sale at all drug stores.

In the vicinity of Atrisco. Prior attempts to build irrigation systems on the Puerco in that district resulted in the building of a brush dam, and later of a frame coffer dam, being washed out by flood. About \$30,000 has been expended on those works.

INSTANT RELIEF FROM DREAD CATARRH

Why don't you get rid of that nasty, humiliating disease catarrh? You can do it if you really want to. But you can't cure catarrh in a few days, that's an utter impossibility, because there is no remedy known that will kill the catarrh germs in that short time.

But you can cure catarrh if you will have a little patience and breathe in Hyomei (pronounced High-o-mei) three or four times a day. Hyomei cures catarrh by killing the germs and it kills the germs because it gets where the germs are.

Hyomei is a powerful antiseptic and germ killer air; it is made from the fluid extracted from the eucalyptus trees of inland Australia where catarrh has never existed.

It gives relief instantly, stops hawking in a few days and is guaranteed to cure catarrh, asthma, croup and bronchitis or money back. A complete outfit, including inhaler costs \$1.00, and extra bottles of Hyomei if afterward needed, cost but 50 cents. Sold by leading druggists everywhere. "Hyomei certainly saved my life and I accord it the credit which it deserves and merits. There is nothing too strong for me to say regarding Hyomei."—Mrs. Ada Hopkins, 3 Cutter Ave., Coldwater, Mich., August 22, 1908.
